Model	Slika	Opis	Mj	MPC
Integrated Power Amplifier				
CAP 2100		100W 8Ω, 200W 4Ω. The CAP-2100 combines the separate component preamp CP-500 and CA-2100 amplifier into a single elegant and powerful package. Features include balanced and single-ended inputs, dual speaker binding posts, TFT touchscreen display, IR remote and bi-directional RS-232 control.	kom	44.000,00 kn
PreAmplifier				
CP 500		The Classé CP-500 is an outstanding example of attention to detail, superior performance and value. It utilizes fully-balanced circuitry, implemented symmetrically to reject noise and distortion. Simple and elegant operation and control is via TFT touchscreen, RS-232 and IR remote.	kom	31.500,00 kn
CP 700		The Classé CP-700 is an outstanding example of attention to detail, superior performance and value. It utilizes fully-balanced circuitry, implemented symmetrically to reject noise and distortion. Simple and elegant operation and control is via TFT touchscreen, RS-232 and IR remote.	kom	58.800,00 kn
Power Amplifiers				
CA 2100		Power Amplifiers, 2 x 100W 8Ω, 2 x 200W 4Ω. The stereo amplifier, CA-2100 is rated at 100W and per channel at 8Ω. The CA-2100 establishes a new entry-level Classé performance benchmark. Design features include balanced circuitry, overbuilt power supplies and oversized output stages to ensure the highest performance at every output level, with any loudspeaker.	kom	31.500,00 kn
CA 2200		Power Amplifiers, 2 x 200W 8Ω, 2 x 400W 4Ω. The stereo amplifier, CA-2200, is rated at 200W per channel at 8Ω. The CA-2200 is simply our best stereo amplifier. Design features include balanced circuitry, overbuilt power supplies and oversized output stages to ensure the highest performance at every output level, with any loudspeaker.	kom	44.000,00 kn
CA 2300		Power Amplifiers, 2 x 300W 8Ω, Class AB amplifier	kom	52.150,00 kn
CA 3200		Power Amplifiers, 3 x 200W 8Ω, 3 x 390W 4Ω. The CA-3200 is a 3 x 200W model, based on the same channels used in the CA-2200. Power supply components are larger in this model to allow for greater power demands without sacrificing performance. Design features include balanced circuitry, overbuilt power supplies and oversized output stages to ensure the highest performance at every output level, with any loudspeaker.	kom	53.700,00 kn
CA 5100		The CA-5100 is a 5 x 100W model, based on the circuit topologies developed for the CA-5200 and other Delta series amplifiers. One large toroidal transformer with three secondary windings provides power supplies for left front and rear, right front and rear, and center channel audio circuits. Features including balanced and single-ended inputs, control and protections circuits are common to those on other Delta series amplifiers.	kom	44.000,00 kn
CA 5200		Power Amplifiers, 5 x 200W 8Ω, 5 x 370W 4Ω. The CA-5200 is a 5 x 200W model, based on the same channels used in the CA-2200. Power supply components considerably large enough to allow for the greater power demands of five channels without sacrificing performance. Design features include balanced circuitry, overbuilt power supplies and oversized output stages to ensure the highest performance at every output level, with any loudspeaker.	kom	69.900,00 kn
CA 5300		Power Amplifiers, 5 x 300W 8Ω, Class AB amplifier	kom	70.875,00 kn
CAM 300		Power Amplifiers, 1 x 300W 8Ω, Class AB amplifier	kom	40.875,00 kn
CAM 400		Power Amplifiers, 1 x 400W 8Ω, 1 x 800W 4Ω. The CA-M400 is a 400W monaural amplifier. Balanced throughout, the CA-M400 also uses these 200W modules, but configured in balanced output mode. One module amplifies an inverted signal while the other handles a non-inverted signal. Our balanced output stage cancels noise and distortion and yields higher power without reducing low impedance drive capability. Music lovers seeking the benefits of high-end monaural amplifiers and multichannel enthusiasts who can afford the price of admission will find the CA-M400 an ideal choice for a no-compromise Delta series Classé audio system.	kom	44.000,00 kn
CAM 600		Power Amplifiers, 1 x 600W 8Ω, Class AB amplifier	kom	52.125,00 kn
Source Components				

CDP 102		The CDP-102 is a single-disc CD player that features both balanced and single-ended analog outputs, HDCD decoding and 24-bit/352.8kHz digital to analog conversion.	kom	32.900,00 kn
CDP 202		The CDP-202 is designed to provide maximum resolution and enjoyment from a wide variety of music sources. When used together with other high quality system components, the CDP-202 delivers amazing sound, serving up the music in true reference-component fashion.	kom	51.400,00 kn
CDP 300		Audio: Compatible with CD, DVD-Video, DVD-Audio, Dual Disc, Video-CD, S-VCD, MP3, AAC and WMA formats. All audio formats are up-sampled to 24-bit/192kHz prior to Digital-to-Analogue conversion. Video: Worlds first high-end DVD Player to offer a full implementation of all HDTV resolutions. Digital Video output on HDMI can be de-interlaced and scaled to the following resolutions: 480i, 480p, 576i, 576p, 720p, 1080i and 1080p. Analogue Video output on YPrPb/RGB can be de-interlaced and scaled to the following resolutions: 480i, 480p, 576i, 576p, 720p and 1080i.	kom	55.100,00 kn
Surround Sound processor				
SSP 300		The SSP-300 is a full-featured 7.1 channel processor, capable of decoding virtually any discrete multichannel format. It also provides digital post-processing features and flexibly handles multichannel analog signals. Special features such as the Classé touchscreen control enhance and simplify operation of an otherwise complex system.	kom	40.300,00 kn
SSP 600		The SSP-600 adds to the features and performance of the SSP-300 by including special features such as the Classé touchscreen control enhance and simplify operation of an otherwise complex system, 7.1 channels of balanced output and a balanced input pair.	kom	58.800,00 kn
SSP 800		The SSP-800 is our highest performance processor. It is built on a flexible and powerful platform utilizing the most advanced digital processing for both audio and video signals. HDMI 1.3b, advanced 10-channel, and 5-band parametric EQ contribute to the SSP-800's popularity.	kom	70.800,00 kn
Accessories				
Phono 1 (Pair)			kom	4.440,00 kn
RLT-5 Rack			kom	8.880,00 kn
RLT-1 Amp Table			kom	2.220,00 kn
